Use of LED Bulbs in College Premises

The college is serious about use and conservation of energy. We have 25 LED Tube Lights and 40 LED Bulbs in college premises including Women's Hostel.

This help us in reducing the use of electricity units which resulted into reduction in expenditure on electricity bill per month.

Waste Management- Degradable and Non-Degradable

Solid Waste management –

The college gives priority to keep the campus clean and ecofriendly. It instructs the staff and students to reduce waste to maximum possible extent. The students are instructed to deposit waste in separate bins kept at various places on the college campus. The solid waste, not useful for composting, is disposed off every morning to the garbage carriers of the Gram Panchayat. In order to create awareness about clean campus and waste management among the students, programmes such as poster competition and street plays are organized.

Liquid Waste Management

Drinking water facility is arranged in every corner of buildings of the campus. Waste water from toilets and washrooms is properly drained out through the underground drainage systems using natural slopes of the campus.

E-waste management

E-waste such as condemned batteries and damaged computers is disposed off by handing them for safe disposal to outside agencies or with the help of Rotaract Club of Roha Central, Raigad.

Policy Document on Support to 'Specially Abled'

The college assumes that there is no difference between normal person and 'specially abled'. However, to smoothen the academic and other life of specially abled at par at normal person is not only the responsibility of the college but also its duty toward stakeholders. The college try to assist the 'specially abled' in following ways or by providing following facilities.

1. As per the requirement and demand from specially abled students the college should avail all possible facilities in the college campus.
2. College should facilitated smooth transportation of specially abled students by availing the facilities through NGOs and philanthropists.
3. College should allow scribe in examination if asked by specially abled students with proper application.
4. Preferential treatment should be given to all specially abled students in office related work.
5. Separate sports events or competitions should be organized for specially abled students if demanded by them.
6. College library should avail all required facilities to specially abled students.
7. Teachers and non-teaching staff should adopt supportive and cooperative approach toward specially abled students.
